

LEGAL OPINIONS AND COUNSELING

At WHDA, we know the risks and costs of litigation and understand our clients' perspectives. Therefore, we offer patent and trademark opinions that analyze issues not merely from an academic point of view, but from the viewpoint of the practical concerns of our clients. Whether a client wants peace of mind before entering a new market, wants to know their chances of success in enforcing their rights, or wants to know their options after being threatened with infringement, we can help. We can also counsel on possible design-around solutions where necessary, and advise on broader IP portfolio strategies.
